ISD/ACAD/CIR/053/2018

09/09/2018

CIRCULAR (Classes V to XII)

Dear Parents,

Greetings of the Day!

Further to the Circular ISD/ACAD/CIR/036/2018 dated 06th August 2018, we would like to inform you that the Board of Directors has already initiated to go ahead with the project of rebuilding 3 - 4 flood affected schools in Kerala as part of the YCIS project proposal.

In order to achieve further progress, the YCIS team of our school is required to design a renovation project for the affected schools. Guidelines for students to think on these lines are as follow:

1. Facilities to be provided in the school in terms of infrastructure. A rough estimate of the number / quantities required in respect of each items should be mentioned.
2. How should be the environment of the school.
3. What are the technological support / facilities that could be provided?
4. How would they like to renovate the school (in their own views)?
5. What could be the approximate cost of this project (item wise)?
6. What contribution could students make (physically, mentally, and financially) towards this project?
7. Any other relevant activity which students feel should be included.

YCIS members should come out with creative ideas and suggestions with the help of the above guidelines and submit a soft copy of the conceptual project latest by 12 Sept 2018 which can be forwarded to the respective YCIS Teacher in charge: Class V to Mrs. Sibymole Sam & Classes VI to XII to Mrs. Lekha Vinod. Other students with immense potential can submit the soft copy of the project to their respective Class Teachers latest by 12 Sept 2018, so as to enable the BoD to deliberate further on this issue.

Thanks & Regards,

Dr. Sridevi P. Thashnath
Principal
