CIRCULAR (Classes KG I to XII)

Dear Parents,

Greetings of the day!

As the lockdown is being gradually released in the Sultanate, it is expected that more commercial establishments and recreational places would be open for public use in the coming days. But remember that the Pandemic is still alive. We continue to witness the increasing number of Covid-19 infected cases through community spread and other means. It is time for us to accept the fact that we all should live with this pandemic for a long time till the health professionals find a permanent solution.

You are therefore, reminded that safety is your responsibility and you are responsible for your fellow beings' safety too. Hence, you are advised to be judicious in maintaining social distancing. Kindly avoid gatherings and uphold sanitation whenever you go out and even at home to ensure your safety and your family members' safety. Please use the maximum protective accessories while you are outside home. Wash your hands regularly and make it a habit. Use approved sanitizer and avoid touching your eyes, nose and mouth. Ensure that it is a commitment to yourself. It is suggested that every individual member of the family shall exercise the utmost precautionary measures to ensure good health and well-being of the family, especially children and the elderly.

You must inspire your family members to keep your premises clean and tidy. Drink warm water, eat balanced food and keep away from unnecessary tensions and anxieties. Keep regular timing for family discussions and fun.

The fact is that, this unforeseen pandemic and its scope of transmission could be limited only with your cooperation as responsible residents. Kindly adhere to all the guidelines of the Government of Oman. To ensure prevention against Covid-19 there is also a crucial need to follow all the precautionary measures before you get back to your routine.

Stay Safe, Stay Healthy and Maintain Social Distancing.

Thanks & Regards,

Alexander Gee Varghese
Acting Principal
