Picture Composition

A black and white line drawing of a girl riding a bicycle in a park. The girl is in the center, wearing a short-sleeved shirt and pants, with her hair in a ponytail. She is smiling and looking down at the handlebars. A bird is flying in the sky above her. A rabbit is running on the ground to the right of the bicycle. There are several butterflies fluttering around the girl. In the background, there are trees and flowers. The entire scene is enclosed in a rectangular frame.[illegible]
